SUMMARY OF QUALIFICATIONS

Experienced Front-End Developer with **2+** years of experience building user-centric and responsive web applications. Proven ability to deliver high-quality code that adheres to best practices and accessibility guidelines.Passionate about learning, creating engaging user experiences and staying updated with the latest Front-End technologies. Eager to contribute my skills to a team that values innovation and user experience.

PROFESSIONAL EXPERIENCE

Barnksforte Technologies Limited, Abuja, Nigeria   August 2023 - Present
Frontend Developer
- Spearheaded collaborative efforts with design teams to integrate advanced user interfaces for key features, enhancing user interaction and fostering brand loyalty, leading to a **20%** rise in user engagement and a **15%** boost in user retention rates.
- Introduced and implemented unit tests, achieving a test coverage of **95%** and reducing the number of production bugs by **30**%.
- Created a vital registrations system to track the seasonality of births and deaths in Nigeria. With the help of this system, stakeholders now have access to priceless insights into demographic trends and actionable data for well-informed decision-making and strategic planning.
- Implemented best practices for React.js development to enhance performance and user experience.
- Participated in code reviews and provided constructive feedback to ensure code quality and consistency.

Alpha Beta Consulting LLP, Lagos, Nigeria   November 2022 - July 2023
Software Developer
- Implementing state management solutions (React's state and context API, Redux) to manage application state and data flow.
- Integrating with backend APIs and services to fetch and update data using RESTful interfaces
- Rebuilt 4 year old SAAS Application in React with full user experience redesign which optimized the application for maximum speed and scalability.

The Tann Mann Gaadi, Remote   January 2022 - April 2022
Frontend Developer Intern
- Utilized HTML, CSS, and JavaScript to create a dynamic, interactive user interface that improved user experience
- Developed a custom theme for a content management system (CMS) that improved the look and feel of the website
- Leveraged JavaScript to create interactive components and animations, resulting in an improved user experience
